How to use easybib.com to create a Works Cited page

On easybib.com if you see the following, click on DELETE ENTIRELY to clear the page.

You are in a bibliography. **View it now »** Save it for later • Delete entirely

Then follow the directions below.

1. Copy and paste the website address of your source

2. Click on **Cite this**

3. Scroll down and make sure that DISPLAY URL is on YES

Display URL: ● Yes ○ No

4. Make sure that DATE ACCESSED shows the date you looked at the website

Date accessed: 22 | August ▾ | 2013 | Today
Day | Month | | Year

5. Click CREATE CITATION

Do all 5 steps again for each of your sources. When you are done, do the following:

Bibliography | Save for later | Sharing ▾ | Export or Print ▾

Select: All, None | With checked ▾ | MLA 6 | MLA 7 | APA | Print as Word Doc

Count: 2 | Save to Google Docs

☐ "A Change of Heart About Animals." *A Change of Heart About* | Save to SkyDrive

E-mail bibliography

Web. 22 Aug. 2013. | Copy & paste
