Eisenhower High School

May 7, 1965

Students Interview Mrs. Eisenhower

Climbing aboard the special Santa Fe train car, EHS students Gayle Patterson, Dennis Haaf, Neta Hendricks, Pam Parlette, and Chilean student Eugenia Jimenez, were greeted by former First Lady, Mrs. Mamie Eisenhower, on April 27.

In an interview granted to the students, Mrs. Eisenhower gave her opinion on subjects ranging from the woman of today, to the weather in California.

Mrs. Eisenhower stated that she is satisfied to be a homemaker. "It has been one of the most interesting and rewarding parts of my life." The secret of her 49 years of marriage, she attributes to her willingness to allow her husband to be the head of the house.

"It is wonderful for a woman to have a career to fall back on, to be prepared if something should happen to her husband. In my day, women did not study to do anything outside the home," she declared.

According to Mrs. Eisenhower, she and the General are drawn to California because of the dry climate, and so they can be near the mountains. With a smile she added, "And the General can play golf."

Mrs. Eisenhower said that during her eight years as First Lady, she was never concerned with whether the women attending White House affairs were Republican or Democrat.

Turning the conversation to politics, she said that communities should take a more active interest in helping themselves rather than allowing the federal government to do things for the community.

At the close of the interview, General Eisenhower came into the room for a brief chat with the students, and posed for some pictures.

Drama Dept. Stages Final All-School Play

The drama department of Eisenhower High has announced that for the final all-school play this year, they will present "Good Morning Miss Dove."

The lead role in the presentation went to Marianne Pasquarelli. Other major characters will include Lynn Walker, Carl Yetzer, and Chuck Hahn.

The date of presentation has not been set.

FORMER PRESIDENT Dwight D. Eisenhower and wife, Mamie pause in San Bernardino for a news conference with EHS students.

"Brain Battle" Will Rage On CBS TV's 'Scholar Quiz'

Ike's Varsity Thinkers are soon to make their TV debut as they hold a "meeting of the minds" on CBS Channel 2's "Scholar Quiz."

Seniors Joan Zawaski, Karen Malinka, Bob Rhoades, and Jim Alexander, who are sponsored by Mr. Gene Harkin, will do battle with students from Bolsa Grande High School from Garden Grove, in Hollywood on Sunday, May 16. The show will be broadcast on TV on Saturday, May 22.

Ninety student tickets, ten teacher, and eight parent tickets are available for "Scholar Quiz." Anyone wishing to attend may sign up at the Vice Principal's office. Bus transportation will be provided if enough interest is shown.

Joan Zawaski, a member of the Thinkers for two years, lists English as her favorite subject. A member of CSF, AFS, German Club, and NFL, Joan enjoys outside interests of playing the guitar, recorder, and banjo, and reading, and writing poetry. After graduation, she plans to attend the University of California at Berkeley, where she will major in English and Modern Philosophy. After college, Joan would like to work in the Peace Corps for two years and then become a poet.

Karen Malinka, also a 2-year member of the Thinkers, lists her favorite subjects as trigonometry and physics. The Lieutenant Colonel of the drill team, and a member of Azurettes, Sobobans, CSF, and annual

staff enjoys all types of sports in her spare time. Future plans include attending Sacramento State College, where she will major in chemistry, and after college go into teaching.

Bob Rhoades, who is on the Thinkers for his first year, enjoys English and Problems of Democracy. A member of CSF and the golf team, Bob enjoys playing golf in his spare time. He plans to attend the University of California at Riverside, where he will major in history, and after graduation, go into foreign service.

Jim Alexander, another 2-year Thinker, is a member of CSF, Math Club, and the tennis and wrestling teams. Tennis is his spare time favorite. Jim plans to attend the University of California, where he will major in either math or science.

Mike Moore Goes To State Finals

Honors came to Mike Moore recently when he was the first student at Eisenhower to ever qualify for a state speech contest. On the 22 and 23 of April, Mike attended the Southern California NFL district tournament in Whittier. He gave excerpts from the Catcher in the Rye, by J. D. Salinger. For his efforts he was awarded a traveling trophy for the school and a smaller trophy for the school and a smaller trophy, ribbon and plaque for himself.

There were eight counties
(Continued on Page 2)

Hootenanny to Kick Off Cerebral Palsy Campaign

Kicking off the National Teenage Tag day for Cerebral Palsy will be a hootenanny held in the E.H.S. gym, tonight at 8. Tickets for the affair are 75¢ and will be on sale at the door.

Sponsored by Hi Tri Club on campus, the hootenanny will raise money for Cerebral Palsy.

A silver tea service for one of the girls present, and a gift from Robinson's Mens Wear for one of the boys, will be offered as door prize.

On the next morning, team captains with their 12 member teams will converge on the streets and stores of Rialto, collecting donations for the Cerebral Palsy drive. The team collecting the most money will be awarded prizes.

Eisenhower is the only high school in the area that is working on the drive. Money collected will remain in San Bernardino County to help support the two Cerebral Palsy schools and the

Latin Banquet Held at EHS

The traditional Latin banquet will be held May 11 in the cafeteria, which will look surprisingly like a Roman temple for the occasion. The dinner will be comprised of chicken as the main dish, and Roman-style smoked fish and cauliflower.

Ellis Potter will offer an invocation to the gods, complete with the burning of incense. After the meal, a slave auction will be held, with Latin I students posing as the slaves. They will be "bought" with real money, and in turn made to carry books the next day for their new "masters."

Latin 3 students will present a satire, and the myth "Pyramas and Thisbe," and Karen Kappart will perform some Roman dancing.

Eugenia Jimenez Entertains AFS

Highlighting the AFS meeting of Wednesday, April 21 was Eugenia Jimenez, who is here in the United States on an International Fellowship.

The 17-year-old Chilean from Vina del Mar, came to Genoa, New York on January 13, where she lived with an American family for two months. Eugenia then flew to California, where she is now concluding her three months American sojourn with Mayor Robert Hughbanks and his family.

Eugenia entertained the AFS members with color slides of Chile, including such cities as Vina del Mar, Santiago, and Valparaiso, and then played the guitar and sang two Chilean folk and popular songs in Spanish.

The walls of I-6 then resounded with the strains of "Old Ali Baba Had a Farm," in Turkish.

other work carried on by the C.P. organization.

According to Mr. John Roach, San Bernardino County C.P. president, no aid is awarded to Cerebral Palsy by the federal government.

The month of May has been proclaimed by President Johnson as Cerebral Palsy Month.

Billie Jo Polkow, president of Hi Tri, and Glenda Glacken and Linda Lewis, Hi Tri members, have coordinated the work on Campus. Neta Hendricks is the Cerebral Palsy Teenage Chairman for San Bernardino County.

Sentetts Hold Fashion Show

"Paris in the Springtime," was the theme of the Sentetts fashion show and salad luncheon which was held in the school cafeteria Saturday, May 1st, at 1:00 p.m. It was the first big event this year that every girl of Eisenhower was invited to attend. A special invitation was given to all members of the Azurettes.

Latest summer sport fashions were presented by Maria's Sample Shop and were modeled by members of the Sentetts. Those modeling included: Christie Braksator, Mary Giavondo, Nancy Haesloop, Diane Johnston, Mary Lavin, Patsy Limon, Kathy Pike, Dottie Roberts, Vicki Stauss, and Nancy Swan.

Entertainment was provided for by the Ris Kays, a combo, including Glen Campbell, Jim Pettey, Rag Harris, and Larry Cundieff.

Committee chairmen for the affair were Carol Anderson and Sherry Hoover, decorations; DeDe Wildoner and Thea Bradley, fashions; Rocky Perez and publicity, Patti Ringstad.

EHS Attends Drill Day at Colton

"Watch Your Step," was the theme for the 1965 Drill Team Day at Colton Union High School, presented by the CUHS Crimsonettes Thursday, April 29.

This event is an annual event set aside each year for all drill teams in our league. There is no competition involved, the purpose mainly is to meet new people and renew old friendships.

Beginning at 2:00 p.m., Eisenhower's drill team, under the leadership of Claudia Heneise, was the first to perform. They were followed by Fontana, Pacific, and San Bernardino High Schools.

The girls were entertained by a group of Coltonites called the "Downtown Dancers." Concluding the entertainment was a band, "The Peasants," also composed of members of Colton's student body.

Next year's drill team day will be hosted by Eisenhower.

EDITORIAL:**Have You Ever . . .**

Have you ever seen a Handicapped Child?

Have you ever watched as one of these children tries to eat, or dress himself, or perform any of the hundred and one things we do every day without even thinking?

Have you ever been in a home for Handicapped Children and seen the crowded conditions and the lack of equipment and people able to give their time to help?

Have you ever gone to bed at night tired from helping to physically guide the uncontrollable muscles of some young handicapped boy or girl into some functional pattern?

If you have, and only if you have, you know the heartbreak of Cerebral Palsey.

Cerebral Palsey is a disease which strikes without mercy, at birth, destroying portions of brain tissue which control muscular movement. It can affect speech, hearing, eyesight, balance, muscular control, or even brain development. Worse yet, it seldom strikes only one of these faculties, but usually takes several.

At present, there is no cure for Cerebral Palsey. Scientists and doctors the world over are working around the clock, yet no cure has been found. All that can be done, is to try to help those who have been struck. It is a long, tiring, and seemingly hopeless process . . . but it must be done! **And every 53 minutes, another child is born with Cerebral Palsey!**

On May 8th, the students of Eisenhower and citizens of Rialto will be given the opportunity to help with a unique drive, sponsored by Hi Tri in cooperation with the National Cerebral Palsey organization.

Think, if you give up one Coke, you may have given the dime that will one day give some child the muscular co-ordination so that he can pick up a cup of Coke and drink it by himself!

The Eagle's Eye staff urges you to do whatever you can, to join in a united front against this crippler, and robber of the joys of childhood.

Eagle's Eye Goes To Washington D.C.

On Friday, April 23rd, nine issues of the Eisenhower school press, **The Eagle's Eye, Vol. 6, were delivered by Journalism instructor, Mrs. Marie Holm to the Library of Congress in Washington D. C.**

The paper was deposited in connection with the Library's policy of collecting and microfilming every published document in the United States.

The Library of Congress is

Mike Moore . . .

(Continued from Page 1)

represented in this tournament. Other students representing Eisenhower were Mike McDowell, and Lynn Walker, who were in the semi-finals, and Dave Miller, Sharon Price, Joan Zawaski and Sue Bone.

When asked to whom he attributed his success, Mike replied, "Most of the credit should go to J. D. Salinger, a brilliant author who can find humor in places one would never think to look. The rest of the credit should go to Mrs. Robinson whose excellent coaching helped more than one of her students to the finals of more than one contest."

in all probability, the world's largest library. **Created by and for Congress in 1880, its usefulness is extended to other government agencies, other libraries, and the general public.**

The two buildings occupied by the Library cover 6 acres of ground on the 15½ acres of Library site, and contain over 36 acres of floor space, and nearly 270 miles of bookshelves. There

are 17 general and special reading rooms. The main building, an impressive building in ornate Italian Renaissance style was completed in 1897. The Modern Annex and the tunnel connecting it with the main building were completed in 1939.

"It is simply unbelievable," said Mrs. Holm. "One could not imagine what it would be like unless he saw it."

All The Latest Styles & Colors Are Here! SEE THEM NOW!

Kar Korner

By GREG MORGAN AND DENNIS PARRISH

Pushing its way into Kar Korner this issue is Bob Green's '57 Ford. This unusual car is finished in a flat black primer finish with most of the exterior chrome removed. Bob's Fairlane 500 is running 7.50 x 14's all around centered by chrome several rims with three pronged knock-offs. Each tire has a red crayon stripe

around it. When Green pops the hood, he is proud to display a 312 cubic inch Thunderbird engine. A new addition to the top of the mill is three Holly, two barrels mounting on an Edlebrock manifold with progressive linkage. Deep in the heart of the muscular mill is a full race and Iskendarian cam. Bob's

engine is topped off with a few chrome goodies, such as valve covers, oil breather cap, etc.

Stepping inside of the furious Ford, the interior is done in flat black naugahyde. The dash is covered with Stewart-Warner gauges and all of the glass on the dash is finished in candy sapphire blue. More custom goodies include small blue metal flake steering wheel and Cadillac radio.

On the tunnel, we find a Hollywood straight line floor shift which control a stock three speed and rear end.

Future plans for Bob's car include a candy blue paint job and perhaps a light blue metal flake top. He wants to bore the engine out to a 352 and shorten the stroke. Of course, with this size power plant, he intends to install a big limited-slip differential rear end and maybe a competition four-speed and Racemaster slicks. If you look close, Bob will probably be haunting the drags by the end of the summer.

Another feature this week in Kar Korner is Craig Johnson's 63 Chevy Impala Super Sport. His car is finished in Meridian Red and is high-lighted by E.T. Mags all around. The interior is a standard black super sport finish with wood paneling on the dash and console. Another feature is his Muntz stereo pack working in conjunction with four speakers which have been mounted in the doors.

The engine is a Chevy 490 with a Duntoff Fuel Injection cam and a Carter A.F.B. — E. series quad. His 4:11 rear end is turned by a stock four-speed transmission with special Corvette short-throw linkage.

Future plans include 302 — 7.5 gram hydraulic Isky cam. He would also like to add a few more luxury items on the interior.

Long Play

By Carl Yetzer

Bringing up the rear of the Hollywood Awards this year are the "Grammys", the National Academy of Recording Arts and Sciences equivalent to the "Oscar". Here are some of this year's winners:

Song of the Year; **Hello, Dolly!** Best female vocal performance; **Barbara Streisands "People"** (Columbia). Best male vocal performance; **Louis Armstrong's "Hello, Dolly!"** (Kapp). Best group vocal performance: **The Beatles' "Hard Day's Night"** (United Artists). Best rock'n'roll single; **Petula Clark's "Downtown"** (Warner Bros.). Best Country & Western performance; **Roger Miller's "Dang Me"** (Smash).

Let us all observe a moment of silence for **That Was The Week That Was** (most popularly known as **TW3**) which is about to face Mr. Nielsen's Firing Squad in the near future.

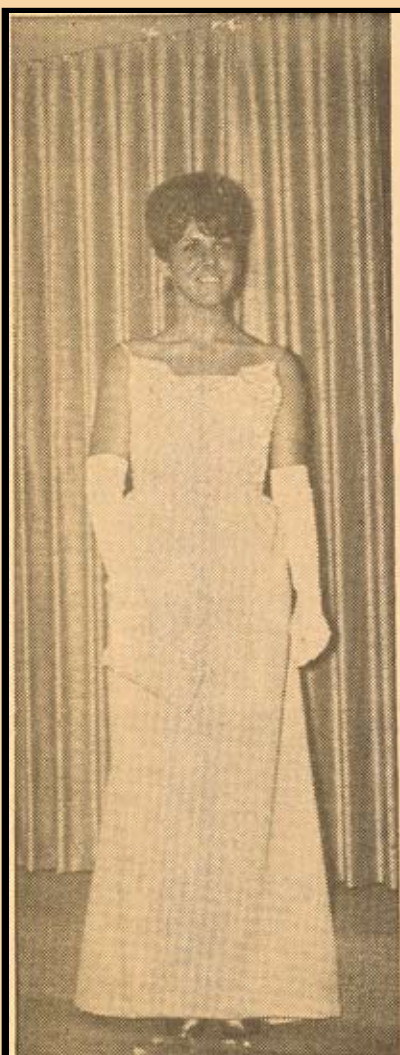

The show is now raising the fuss in going off that NBC hoped it would raise when it came on. **Newsweek** magazine has been receiving literally sacs and sacks of mail denouncing a short article in the TV-Radio section of it's April 5 issue. NBC reports the same.

Nevertheless, another mediocre escape mystery will soon be filling the only slot left open on the TV dial for intelligent satire. **TW3** made many intelligent thrusts, sometimes drawing blood as well as laughter. (It is currently under investigation by the House Committee on Un-American Activities). True, some weeks it just wasn't funny, but some weeks the news just isn't funny. Yet, the rule-by-Nielsen-rating system triumphs again, and America's most oppressed minority group, the television viewer, suffers another setback. Hey, how about a sit-in at NBC?

8 Students to Attend Press Day on May 15

On May 15, Eisenhower will be represented at the California State Polytechnic College Press Day by eight Journalism students. Present for a press conference will be Pierre Salinger, former U.S. Senator and White House press secretary.

Attending the conference will be Don Lannon, Walter Piotrowski, Suzanne Morris, Neta Hendricks, Dave Dalton, Linda Giancola, Harlan Tissue, and Carl Yetzer, who will interview Mr. Salinger.

Varsity Spikemen Capture Second In Ivy League

Sports Review

By J. M. RICE

Tonight, members of the Ike track squad will be displaying some of their finest efforts in the Ivy League Finals at Colton.

The competition will be extremely rough in this final meet of the season and each participant will be struggling for top honors in the league. Thus, many school records are likely to fall tonight as each athlete from the six Ivy League schools attempts to maintain the old track adage: "higher, faster, farther".

Usually, these big league meets are both exciting and colorful. In addition, there is always enough variation between the different events to capture the attention of almost any track fan.

In individual events, it is hard to even speculate who the winner will be, because each Eisenhower participant will meet fairly equally matched competition. For example, Ike's distance runners well know that Colton runners aren't going to be easy to surpass.

Karl Henry might have to sweat a little in the two mile against Colton's top competitor. In the half mile race, Ike runners will probably find that one of Corona's runners isn't going to

be easy to beat. Also, shot putter John Grenfell will have a tough battle with Rubidoux's best man, while "jumping" Jeff Ellerbrock will have to step out in order to win the hurdle events. However, in the long run, I would say that the Ike squad is in pretty good shape.

Perhaps a quick glance at the season record might give an indication of the chances each Eisenhower athlete will actually have in tonight's meet.

Eisenhower's varsity finished second in the league, winning four meets and losing one. However, the bee and cee teams didn't do as well.

After tallying individual efforts this season, Jeff Ellerbrock received high point honors on the varsity team with 82½ points, while Steve Monreal gained the most points on the bee team, 42½ points, and Jim Gensichen was high point man on the cee team with 81¾ points.

Moreover, a number of records have fallen this year and possibly more will fall tonight. In the long jump John Pitts shattered the old varsity record of 20 ft. 10 in. to set a new 22 foot record and he added 11 in. to the old bee record for a new mark at 21 ft. 7 in. Shot putter John Grenfell moved the old varsity shot put record of 50 ft. 9 in. to a new 52 ft. 2¾ in., and Chris Grefnell added inches to the 48 ft. 7 in. cee record reaching a new 53 ft. 8 in. mark. In addition Karl Henry established a quick 9:54 record in the new two mile race and Jeff Ellerbrock tied the 20.2 record in the 180 yd. low hurdles.

Ike Racketmen Hold Second In League

Downing the Norte Vista Braves last Friday, Coach Bill Fox's varsity tennis team moved into a second place position in the league standings.

Coach Fox commented that Fontana presently holds the first place berth in the league, but if Colton beats the Steelers, Eisenhower will tie Fontana for a league first. He went on to say that last Tuesday's victory over Fontana was one of Ike's key victories in league competition. Also, coach Fox commented that Joe Baron's win and Bob Pingle's victory in the singles were for two crucial victories in the meet.

In closing, Coach Fox stated, "The team has done a fine job this year and we're proud of them."

Norte Vista Down Ike Baseball Squad

Norte Vista bombed out an 8-5 extra inning victory over the slumping Eisenhower Eagles with a story-book homerun in the bottom of the ninth inning.

The three run blast, the third Brave round tripper of the game, sent the Eagles into undisputed possession of the Ivy League cellar.

Coach Dick King started south paw hurler Jim Goddard. He was followed to the mound by Rick Zadalis, Bob Thomas, and finally, Mel Henry.

Catcher Bobby Gire played a fine game, and led all hitters with three hits. Dennis Grondin, Bill Bishoff, and Larry Lewis also helped the Eagles stretch the game into extra frames by chipping in two hits apiece.

Finishing the dual meet season in the second place birth, Eisenhower's varsity track team smashed Rubidoux, 76-37, in a breezy home meet last Friday.

Eisenhower's distance runners, coached by Roy Harkin, excelled in each of the three varsity distance races, capturing firsts, seconds and thirds in the mile, two mile, and half mile.

Versatile Karl Henry stepped out for a quick first place in the two mile race, clocking a 10:11.7. Although his time wasn't as quick as it has been in the past, he managed to lap some of his opponents.

Mike Wilber led the half mile as Eisenhower swept that event, and Tony Hernandez captured a first in the mile while his teammates picked up a second and a third.

Hurdle star Jeff Ellerbrock presented a first place performance in the 120 high hurdles with a time of 15.9. However, Terry Norton grabbed a first in the 180 low hurdles with a quick 19.6.

Although Rubidoux majored in sprint races, quarter miler Ed Kashak produced Ike's only sprint victory breaking the tape at 54.6.

Also, the Rubidoux Falcons made heavy gains in the field events, but John Pitts managed a first in the long jump.
